207.559 Finding and determination in resolution approving application for certificate; valuation requiring separate finding and statement; compliance with certain requirements as condition to approval of application and granting of certificate; demolition, sale, or transfer of obsolete industrial property; certificate applicable to speculative building; procedural information; failure of commission to receive application; replacement facility; property owned or operated by casino; certificate extension approved after December 2003 and before March 1, 2006; issuance of certificate ending December 30, 2010.

Sec. 9. (1) The legislative body of the local governmental unit, in its resolution approving an application, shall set forth a finding and determination that the granting of the industrial facilities exemption certificate, considered together with the aggregate amount of industrial facilities exemption certificates previously granted and currently in force, shall not have the effect of substantially impeding the operation of the local governmental unit or impairing the financial soundness of a taxing unit that levies an ad valorem property tax in the local governmental unit in which the facility is located or to be located. If the state equalized valuation of property proposed to be exempt pursuant to an application under consideration, considered together with the aggregate state equalized valuation of property exempt under certificates previously granted and currently in force, exceeds 5% of the state equalized valuation of the local governmental unit, the commission, with the approval of the state treasurer, shall make a separate finding and shall include a statement in the order approving the industrial facilities exemption certificate that exceeding that amount shall not have the effect of substantially impeding the operation of the local governmental unit or impairing the financial soundness of an affected taxing unit.

(2) Except for an application for a speculative building, which is governed by subsection (4), the legislative

body of the local governmental unit shall not approve an application and the commission shall not grant an industrial facilities exemption certificate unless the applicant complies with all of the following requirements:

(a) The commencement of the restoration, replacement, or construction of the facility occurred not earlier than 12 months before the filing of the application for the industrial facilities exemption certificate. If the application is not filed within the 12-month period, the application may be filed within the succeeding 12-month period and the industrial facilities exemption certificate shall in this case expire 1 year earlier than it would have expired if the application had been timely filed. This subdivision does not apply for applications filed with the local governmental unit after December 31, 1983.

(b) For applications made after December 31, 1983, the proposed facility shall be located within a plant rehabilitation district or industrial development district that was duly established in a local governmental unit eligible under this act to establish a district and that was established upon a request filed or by the local governmental unit's own initiative taken before the commencement of the restoration, replacement, or construction of the facility.

(c) For applications made after December 31, 1983, the commencement of the restoration, replacement, or construction of the facility occurred not earlier than 6 months before the filing of the application for the industrial facilities exemption certificate.

(d) The application relates to a construction, restoration, or replacement program that when completed constitutes a new or replacement facility within the meaning of this act and that shall be situated within a plant rehabilitation district or industrial development district duly established in a local governmental unit eligible under this act to establish the district.

(e) Completion of the facility is calculated to, and will at the time of issuance of the certificate have the reasonable likelihood to create employment, retain employment, prevent a loss of employment, or produce energy in the community in which the facility is situated.

(f) Completion of the facility does not constitute merely the addition of machinery and equipment for the purpose of increasing productive capacity but rather is primarily for the purpose and will primarily have the effect of restoration, replacement, or updating the technology of obsolete industrial property. An increase in productive capacity, even though significant, is not an impediment to the issuance of an industrial facilities exemption certificate if other criteria in this section and act are met. This subdivision does not apply to a new facility.

(g) The provisions of subdivision (c) do not apply to a new facility located in an existing industrial development district owned by a person who filed an application for an industrial facilities exemption certificate in April of 1992 if the application was approved by the local governing body and was denied by the state tax commission in April of 1993.

(h) The provisions of subdivisions (b) and (c) and section 4(3) do not apply to 1 or more of the following:

(i) A facility located in an industrial development district owned by a person who filed an application for an industrial facilities exemption certificate in October 1995 for construction that was commenced in July 1992 in a district that was established by the legislative body of the local governmental unit in July 1994. An industrial facilities exemption certificate described in this subparagraph shall expire as provided in section 16(3).

(ii) A facility located in an industrial development district that was established in January 1994 and was owned by a person who filed an application for an industrial facilities exemption certificate in February 1994 if the personal property and real property portions of the application were approved by the legislative body of the local governmental unit and the personal property portion of the application was approved by the state tax commission in December 1994 and the real property portion of the application was denied by the state tax commission in December 1994. 207.561 Industrial facility tax; payment; disbursements; allocation; receipt or retention of tax payment by local or intermediate school district; disposition of amount disbursed to local school district; facility located in renaissance zone; building or facility owned or operated by qualified start-up business.

Sec. 11. (1) Except as provided in subsections (6) and (7), there is levied upon every owner of a speculative building, a new facility, or a replacement facility to which an industrial facilities exemption certificate is issued a specific tax to be known as the industrial facility tax and an administrative fee calculated in the same manner and at the same rate that the local tax collecting unit imposes on ad valorem taxes collected under the general property tax act, 1893 PA 206, MCL 211.1 to 211.157.

(2) The industrial facility tax and administrative fee are to be paid annually, at the same times, in the same installments, and to the same officer or officers as taxes and administrative fees, if any, imposed under the general property tax act, 1893 PA 206, MCL 211.1 to 211.157, are payable. Except as otherwise provided in this section, the officer or officers shall disburse the industrial facility tax payments received each year to and among the state, cities, townships, villages, school districts, counties, and authorities, at the same times and in the same proportions as required by law for the disbursement of taxes collected under the general property tax act, 1893 PA 206, MCL 211.1 to 211.157. To determine the proportion for the disbursement of taxes under this subsection and for attribution of taxes under subsection (5) for taxes collected under industrial facilities exemption certificates issued before January 1, 1994, the number of mills levied for local school district operating purposes to be used in the calculation shall equal the number of mills for local school district operating purposes levied in 1993 minus the number of mills levied under the state education tax act, 1993 PA 331, MCL 211.901 to 211.906, for the year for which the disbursement is calculated.

(3) Except as provided by subsections (4) and (5), for an intermediate school district receiving state aid under section 56, 62, or 81 of the state school aid act of 1979, 1979 PA 94, MCL 388.1656, 388.1662, and 388.1681, of the amount that would otherwise be disbursed to or retained by the intermediate school district, all or a portion, to be determined on the basis of the tax rates being utilized to compute the amount of the state school aid, shall be paid instead to the state treasury to the credit of the state school aid fund established by section 11 of article IX of the state constitution of 1963. If the sum of any commercial facilities taxes prescribed by the commercial redevelopment act, 1978 PA 255, MCL 207.651 to 207.668, and the industrial facility taxes paid to the state treasury to the credit of the state school aid fund that would otherwise be disbursed to the local or intermediate school district, under section 12 of the commercial redevelopment act, 1978 PA 255, MCL 207.662, and this section, exceeds the amount received by the local or intermediate school district under sections 56, 62, and 81 of the state school aid act of 1979, 1979 PA 94, MCL 388.1656,

388.1662, and 388.1681, the department of treasury shall allocate to each eligible local or intermediate school district an amount equal to the difference between the sum of the commercial facilities taxes and the industrial facility taxes paid to the state treasury to the credit of the state school aid fund and the amount the local or intermediate school district received under sections 56, 62, and 81 of the state school aid act of 1979, 1979 PA 94, MCL 388.1656, 388.1662, and 388.1681. This subsection does not apply to taxes levied for either of the following:

(a) Mills allocated to an intermediate school district for operating purposes as provided for under the property tax limitation act, 1933 PA 62, MCL 211.201 to 211.217a.

(b) An intermediate school district that is not receiving state aid under section 56 or 62 of the state school aid act of 1979, 1979 PA 94, MCL 388.1656 and 388.1662.

(4) For industrial facilities taxes levied before 1994, a local or intermediate school district shall receive or retain its industrial facility tax payment that is levied in any year and becomes a lien before December 1 of the year if the district files a statement with the state treasurer not later than June 30 of the year certifying that the district does not expect to receive state school aid payments under section 56, 62, or 81 of the state school aid act of 1979, 1979 PA 94, MCL 388.1656, 388.1662, and 388.1681, in the state fiscal year commencing in the year this statement is filed and if the district did not receive state school aid payments under section 56, 62, or 81 of the state school aid act of 1979, 1979 PA 94, MCL 388.1656, 388.1662, and 388.1681, for the state fiscal year concluding in the year the statement required by this subsection is filed. However, if a local or intermediate school district receives or retains its summer industrial facility tax payment under this subsection and becomes entitled to receive state school aid payments under section 56, 62, or 81 of the state school aid act of 1979, 1979 PA 94, MCL 388.1656, 388.1662, and 388.1681, in the state fiscal year commencing in the year in which it filed the statement required by this subsection, the district immediately shall pay to the state treasury to the credit of the state school aid fund an amount of the summer industrial facility tax payments that would have been paid to the state treasury to the credit of the state school aid fund under subsection (3) had not this subsection allowed the district to receive or retain the summer industrial facility tax payment.

(5) For industrial facilities taxes levied after 1993, the amount to be disbursed to a local school district, except for that amount of tax attributable to mills levied under section 1211(2) or 1211c of the revised school code, 1976 PA 451, MCL 380.1211 and 380.1211c, and mills that are not included as mills levied for school operating purposes under section 1211 of the revised school code, 1976 PA 451, MCL 380.1211, shall be paid to the state treasury and credited to the state school aid fund established by section 11 of article IX of the state constitution of 1963.

(6) A speculative building, a new facility, or a replacement facility located in a renaissance zone under the Michigan renaissance zone act, 1996 PA 376, MCL 125.2681 to 125.2696, is exempt from the industrial facility tax levied under this act to the extent and for the duration provided pursuant to the Michigan renaissance zone act, 1996 PA 376, MCL 125.2681 to 125.2696, except for that portion of the industrial facility tax attributable to a special assessment or a tax described in section 7ff(2) of the general property tax act, 1893 PA 206, MCL 211.7ff. The industrial facility tax calculated under this subsection shall be disbursed proportionately to the local taxing unit or units that levied the special assessment or the tax described in section 7ff(2) of the general property tax act, 1893 PA 206, MCL 211.7ff.

(7) Upon application for an exemption under this subsection by a qualified start-up business, the governing body of a local tax collecting unit may adopt a resolution to exempt a speculative building, a new facility, or a replacement facility of a qualified start-up business from the collection of the industrial facility tax levied under this act in the same manner and under the same terms and conditions as provided for the exemption in section 7hh of the general property tax act, 1893 PA 206, MCL 211.7hh. The clerk of the local tax collecting unit shall notify in writing the assessor of the local tax collecting unit and the legislative body of each taxing unit that levies ad valorem property taxes in the local tax collecting unit. Before acting on the resolution, the governing body of the local tax collecting unit shall afford the assessor and a representative of the affected taxing units an opportunity for a hearing. If a resolution authorizing the exemption is adopted in the same manner as provided in section 7hh of the general property tax act, 1893 PA 206, MCL 211.7hh, a speculative building, a new facility, or a replacement facility owned or operated by a qualified start-up business is exempt from the industrial facility tax levied under this act, except for that portion of the industrial facility tax attributable to a special assessment or a tax described in section 7ff(2) of the general property tax act, 1893 PA 206, MCL 211.7ff, for the year in which the resolution is adopted. A qualified start-up business is not eligible for an exemption under this subsection for more than 5 years. A qualified start-up business may receive the exemption under this subsection in nonconsecutive years. The industrial facility tax calculated under this subsection shall be disbursed proportionately to the taxing unit or units that levied the special assessment or the tax described in section 7ff(2) of the general property tax act, 1893 PA 206, MCL 211.7ff. As used in this subsection, "qualified start-up business" means that term as defined in section 31a of the single

business tax act, 1975 PA 228, MCL 208.31a.

Sec. 15. (1) Upon receipt of a request by certified mail to the commission by the holder of an industrial facilities exemption certificate requesting revocation of the certificate, the commission shall by order revoke the certificate in whole or revoke the certificate with respect to its real property component, or its personal property component, whichever is requested.

(2) The legislative body of a local governmental unit may by resolution request the commission to revoke the industrial facilities exemption certificate of a facility upon the grounds that, except as provided in section 7a, completion of the replacement facility or new facility has not occurred within 2 years after the effective date of the certificate, unless a greater time has been authorized by the commission for good cause; that the replacement, restoration, or construction of the facility has not occurred within 6 years after the date the initial industrial facilities exemption certificate was issued as provided in section 7a, unless a greater time has been authorized by the commission for good cause; that completion of the speculative building has not occurred within 2 years after the date the certificate was issued except as provided in section 7a, unless a greater time has been authorized by the commission for good cause; that a speculative building for which a certificate has been issued but is not yet effective has been used as other than a manufacturing facility; that the certificate issued for a speculative building has not become effective within 2 years after the December 31 following the date the certificate was issued; or that the purposes for which the certificate was issued are not being fulfilled as a result of a failure of the holder to proceed in good faith with the replacement, restoration, or construction and operation of the replacement facility or new facility or with the use of the speculative building as a manufacturing facility in a manner consistent with the purposes of this act and in the absence of circumstances that are beyond the control of the holder.

(3) Upon receipt of the resolution, the commission shall give notice in writing by certified mail to the holder of the certificate, to the local legislative body, to the assessor of the assessing unit, and to the legislative body of each local taxing unit which levies taxes upon property in the local governmental unit in which the facility is located. The commission shall afford to the holder of the certificate, the local legislative body, the assessor, and a representative of the legislative body of each taxing unit an opportunity for a hearing. The commission shall by order revoke the certificate if the commission finds that completion except as provided in section 7a of the replacement facility or new facility has not occurred within 2 years after the effective date of the certificate or a greater time as authorized by the commission for good cause; that completion of the speculative building has not occurred within 2 years after the date the certificate was issued except as provided in section 7a, unless a greater time has been authorized by the commission for good cause; that a speculative building for which a certificate has been issued but is not yet effective has been used as other than a manufacturing facility; that the certificate issued for a speculative building has not become effective within 2 years after the December 31 following the date the certificate was issued; or that the holder of the certificate has not proceeded in good faith with the replacement, restoration, or construction and operation of the facility or with the use of the speculative building as a manufacturing facility in good faith in a manner consistent with the purposes of this act and in the absence of circumstances that are beyond the control of the holder.

(4) The order of the commission revoking the certificate shall be effective on the December 31 next following the date of the order and the commission shall send by certified mail copies of its order of revocation to the holder of the certificate, to the local legislative body, to the assessor of the assessing unit in which the facility is located, and to the legislative body of each taxing unit which levies taxes upon property in the local governmental unit in which the facility is located.

(5) A revocation of a certificate issued for a speculative building shall specify and apply only to that portion of the speculative building for which the grounds for revocation relate.
