Affidavit

I agree that the statements made above are true and complete and if found not to be true, the application and related approvals will be void. I agree to comply with the conditions and requirements of this division approval process. I understand this is only a land division to create parcels and approval conveys only certain rights under the applicable Township ordinances and the State Land Division Act. This application does not represent nor does it convey rights under any other statute, building code, zoning ordinance, deed restrictions or other property rights. Even if parts of this division process are approved, all divisions must comply with the applicable laws and ordinances at the time that the approval process is completed. I understand that ordinances and laws change from time to time, and if changed prior to completion of this division approval, the divisions proposed here must comply with the new requirements. I understand land division approval is contingent upon the payment of all outstanding tax bills on the parent parcel(s) through the year-end. Nonpayment of taxes will nullify the land division approval. I give permission for local, County and State Officials to enter this property at a mutually agreeable time to inspect and verify the application information.

LAND DIVISION SUPPLEMENTAL INFORMATION

The purpose of this Land Division Application is for the Ingham County Road Department to investigate the location of proposed land divisions and ensure that the proposed parcels can be accessed from the county road system according to published Ingham County Road Department standards. This procedure is in place to review proposed land division driveway locations before the property owner approaches the Township for approval to subdivide lands. The goal is to determine appropriate driveway locations to the proposed land divisions, if any, before the Certificate of Survey is prepared and submitted to the Township, thus saving the property owner time and expense.

The Ingham County Road Department Permits Unit needs the following information to properly investigate the proposed land division driveway location:

- ▽ A completely filled out Land Division Application signed by the property owner wishing to subdivide his or her land.
- ▽ A drawing, drawn to scale with lot dimensions, that illustrates the location of the proposed land divisions. Either a preliminary Certificate of Survey or marked-up copy of the appropriate Sidwell drawing (available from the County Equalization Department) is best.
- ▽ Land Division property corners must be clearly marked by the applicant using lath, stakes, or flagging along the parent parcel's county road frontage so that a proper investigation can be performed.

The Ingham County Road Department accepts cash, personal check, Visa, or MasterCard to pay the application fee in accordance with the following fee schedule:

2003:	\$95 application fee plus \$25 dollars per land division
2004:	\$120 application fee plus \$25 dollars per land division
2005:	\$150 application fee plus \$25 dollars per land division
2006 on:	\$150 application fee plus \$25 dollars per land division

Ingham County Road Department approval of Land Division driveway locations does not relieve the property owner of the responsibility to comply with all applicable Township ordinances, rules and zoning requirements, as well as provisions of Public Act 288 of 1967, as amended.

Land Division driveway locations are evaluated based on conformance to published Ingham County Road Department standards. Non-conforming driveway locations will not be allowed to ensure the road is reasonably safe for the traveling public.
